Education

Diploma in Civil Engineering
Hewett Polytechnic
Lucknow
Percentage – 67.50%
2021-2024

Senior Secondary XII
(PCM)
Brightland ICT Lucknow
Percentage – 75.2%

Secondary X
Brightland ICT Lucknow
Percentage – 76.30%

Key Skills

Design Software:
AutoCAD,
Revit,
3ds Max

Design Principles:
Space Planning,
Sustainable Design,
Interior Design

Objective

Aspiring architectural designer with a strong foundation in AutoCAD, Revit, and 3ds Max, seeking an internship to apply creative design solutions in real-world projects. Passionate about creating innovative and functional spaces that enhance user experience. Click [here](#) to view my portfolio.

Projects

Residential Design & 3D Modelling

Designed modern residential houses, focusing on optimizing space and aesthetics. Developed 2D plans and created a 3D model using AutoCAD and Revit, followed by realistic rendering to visualize the design. Click [here](#) to view.

Floor Plans

Developed detailed floor plans for residential spaces, prioritizing functionality and aesthetic appeal. Utilized AutoCAD to create professional, presentation-ready drawings. Click [here](#) to view.

Summer Internship

Learned construction project estimation (material, labor, equipment costs) through hands-on experience and site visits. Gained knowledge of construction practices and materials.

Additional Details

Design Achievements: Awarded 1st Place in College-Wide AutoCAD Design Competition (Civil Branch), recognized for innovative and functional design.

Leadership: Class Representative for 75 students, facilitating communication between students and faculty, and organizing design-related events.

Additional Skills:

Problem-solving, Project Estimation, Collaboration
